## COMMITTEE APPOINTED TO DISTRIBUTE FUNDS

**Monongahela Central Organization to Look After Relief Work**

**OFFICERS ARE ELECTED**

**Joseph A. Herron President--  
Charleroi Tenders Its Assistance**

It is probable that most of the money and provisions given for the relief of the sufferers from the Cincinnati mine disaster will be handled through a general committee that has been appointed in Monongahela. This will be the central committee that will be on the ground to see that funds are properly distributed and widows and children left destitute taken care of in the best possible way.

The president of this central committee is Joseph A. Herron, the secretary is Frank B. Wickerham and the treasurer, Miss Eliza L. Wilson. Members of the men's committee from Monongahela are John F. Cooper, Joseph Lytle, Frank R. Colvin, and the women's committee, Mrs. T. M. Byers, Mrs. Rush Palmer, Mrs. F. Bebout, Mrs. Joseph Herron, Mrs. Frank Shaner, Mrs. W. F. Allen and Mrs. Fred Cooper.

The total amount of money received at Monongahela was this morning reported to be \$1,844.61. Charleroi's fund amounts to \$175.02.

Tomorrow a special offering will be taken at St. Mary's Episcopal church for the sufferers from the awful disaster. The probabilities are that the fund from Charleroi will be turned over to the selected committee some time next week. Today the Mail relief fund is as follows:

Previously reported	\$173.02
Leon Volker, Monongahela	1.00
D. R. Jacobson New York	1.00
<b>Total</b>	<b>\$175.02</b>

## VISITING JUDGES

**TO AID McILVAINE;  
JUDGE TAYLOR ILL**

Visiting judges will sit on the county bench during the coming term of criminal and common pleas court. Judge J. F. Taylor, who has not been well, upon advice of his physician, will not go on the bench the coming term, but will rest from work for a few months. So far arrangements have been made for four different judges to assist Judge J. A. McIlvaine. Judge James Inghram, of Greene county, will be present the first week of criminal court, which will be convened one week from Monday. The second week of criminal court Judge Richard S. Holt, of Beaver county, will sit.

The first week of common pleas court which immediately follows criminal court, Judge James M. Galbreath, of Butler county, will be on the bench and the second week of common pleas court. Judge William Ruppel of Somerset county, will sit. He may sit also the third week of common pleas court.

For the fourth week no one has yet been secured. Judge McIlvaine goes

## Object to Large Tows

**Steamboat Men and Lock Men Would Prefer Smaller Loads be Hauled**

The scheme adopted recently by coal operators who ship their coal by river of doubling the tows for each boat is not proving satisfactory. Officers and crews of the towboats are balking at the idea. Lockmasters and lockmen are declared to be unfavorable to the new system.

By the new method in cases where five or six barges or flats composed a good sized tow, 11 are now being used. This makes the work of towing more difficult for the boatmen and it is claimed the hardship in locking.

## GIRLS ARE SUPERIOR SPELLERS

**Eighth Grade Suffragettes Beat Boys in Old Fashioned Match**

**FIRST BEE OF SERIES**

The first spelling match of a series was held between the boys and girls of the Eighth grades of the Crest avenue and Fifth street schools Friday afternoon, with the result that the girls' side won in two out of three rounds. The spelling bee was conducted by Prof. T. L. Pollock, superintendent of schools, Miss Ida Huggs, the eighth grade teacher of the Fifth street school and Miss Mina Houseman, the eighth grade teacher of the Crest avenue school.

All the words used were taken from a list of about 600 prepared by Supt. Pollock. They were slightly easier than those studied in the eighth grade, but were words that the pupils had not had a chance to study.

to Greensburg tonight in the interests of Washington and Jefferson college, and he will see Judge McConnell, of Westmoreland county, relative to coming for the fourth week of common pleas court.

## NOW HARD AT WORK ON BIG COFFER DAM

**Large Force of Men Will be Employed at Lock**

**No. 4 From This Time Forth--Lock No. 6 Improvements Started**

Active construction of the coffer dam to be built around the outside lock at Lock No. 4 has been started. All the dredging has been completed and a number of the piles driven. From this time forth until the completion of the lock a large force of men will be employed.

The Slackwater has just arrived from a trip down the Ohio river, bringing boilers and machinery that will replace the old turbine water wheel, which with the construction work on the new lock will be out of

commission. Steam will be used for operating the gates and the machinery at the lock.

While the first work on the coffer dam at Lock No. 4 is being put under way, preparations are being made to start work on the improvement of Lock No. 6 at Rees Landing. This lock is to be extended and improved generally. G.A. Herbertson, who has been the chief engineer at the preliminary work at Lock No. 4 has been transferred to Lock No. 6, where he will have charge.

## VALUATION INCREASE OVER EIGHT MILLION

**Revised Assessment Figures for Districts of County Completed by Commissioners' Clerks**

**--Charleroi's Increase \$70,000**

The revised assessment figures for the districts of the entire county have just been completed by the clerical force in the commissioners' office. The total valuation of the county is \$122,700,028. The valuation for 1912 was \$114,341,874. The increase in valuation is \$8,349,081.

The northern townships of the county and those south and west of Washington, show a slight decrease in valuation. There is a falling off in

the total valuation of Washington borough. The increased valuation is found in the townships in the eastern section of the county.

Among the municipalities Monongahela shows the largest increase in valuation, approximately a half million. Donora is next, with an increase of a quarter of a million. Charleroi shows an increase of \$70,000. The general increase is in coal values and new structures erected since the last assessment.

## RAILROAD BRIDGE MEN'S PARADE TO BE FEATURE

**New Structure at Brownsville to be Put Into Regular Use Sunday**

Sunday for the first time the new railroad bridge of the Pennsylvania Railroad at Brownsville will be opened to traffic and the old bridge which has been in use for many years made ready for dismantling.

During the last week 500 men have been working at the bridge getting it in shape for opening on Sunday. These men were taken out from Pittsburgh every morning and back at night.

The old railroad bridge will be torn down at once it is understood. By the opening up of the new railroad shipping facilities will be greatly bettered.

Charleroi Man Lieutenant. J. J. Miggins, of Charleroi, has been elected police lieutenant at Monessen. His election occurred on Thursday night at a meeting of the Monessen council.

tendered his resignation effective June 1. He has been identified with this line of work for nearly 15 years and was largely instrumental in the consolidation of the three local companies late last year.

He will remain in Monessen as manager of the East Side Land company and in charge of other local interests with which he has been identified.

## THOMAS BULL MOOSE CHIEF IN WESTMORELAND

Representatives and delegates of the Progressive party from all sections of the county met this week in Greensburg to map out a plan of procedure for the coming campaign and elect a county chairman.

W. C. Peoples, who has held this position the past year was a candidate for reelection and G. H. Thomas of Monessen was also nominated.

Peoples withdrew his name and the election of Mr. Thomas was unanimous.

## LOCK CLOSING DOES NOT HAMPER COAL BUSINESS

**Diplomas to Be Presented**

**Graduation Exercises to be Held for Teacher Training Graduates**

Graduation exercises will be held Sunday evening in the Washington Avenue Presbyterian church for Sunday school teacher training class graduates. The course of study outlined by the Pennsylvania State Sabbath School Association has been completed. The class is composed of Misses Elizabeth Wise, Elizabeth Elliott, Grace Gelder, Elma Collins, Marie Whitehead, Bess Richey, Hazel Williamson, and Jennie Elliott. The class colors are green and white. Rev. John R. Burson, pastor of the church, who is the superintendent of teacher training in the district will preach the sermon. Rev. J. T. Hackett, who is the county superintendent of teacher training will present the diplomas.

**Shipments Through Lock No. 4 Up to Average in April**

**GRAVEL TRADE HEAVY**

**Records Show 125,000 Bushels Were Locked up Stream --Good Rainfall**

Apparently the closing of one of the locks at Lock No. 4 for all but seven days of April had little effect on the coal trade through the lock. Lockmaster George Paxton this morning made his report of the business done during the month. There were 17,476,000 bushels of coal locked and the total number was well up to the average.

The sand and gravel trade was maintained at about the same mark that it had been during March. There were 30,000 bushels of sand and 123,000 bushels of gravel went up stream.

Down stream there were 911 lockages, with 366 steamers and 1,507 crafts passing down. Up stream there were 864 lockages, and 367 steamers and 1,498 crafts passed up. The rainfall was 3.08 inches.

The larger lock was closed for repairs from April 7 until April 19 and after that the small lock was closed and the average lockage of coal per tow is 125,000 bushels, where it was 770,000 bushels.

## FEDERALS WINDING UP WORK

**Playing the Charleroi Independents This Afternoon**

**REIS' YANIGS BEATEN**

The regular morning practice of batting and fielding was gone through by Bill Phillips' Indianapolis Federals this morning, and this afternoon the Federals and the Charleroi Independents are playing their second game. Friday afternoon the regulars and Yanigans, the latter captained by Reis played seven innings, the regulars winning by the score of 9 to 5. Reis complained afterwards that the game was bought but neglected to substantiate his statement.

The occasion was a more or less festive one for young pitchers. Excepting Beebe not one of the experienced men was given a try in the box. The Yanigan nine was made up of seven pitchers, an outfielder and a catcher. Sutherland, Swaney and Potter, who did the heaving for the Regulars showed approved form. Potter hardly had a chance to show his style of belligerency in the one inning that he did slab duty.

Kneessel went into the box closely watched by Manager Phillips and 21 others. Long, lean, lanky, left-handed, he looked dangerous but Friday was troubled with wildness. He is very young and makes a noise like a corner. Phillips secured him from Beltzhoover, that Pittsburgh suburb which produced Otto Knabe and Hans Lobert. In fact it was Lobert that recommended the long, lean and lanky individual.

Margaret Glaser  
Margaret Glaser, aged two years, one month and 24 days, the daughter of Mr. and Mrs. Jacob Glaser, died at the home of her parents at 315 Fallowfield avenue at about 8:30 o'clock Friday night. The funeral will be held on Sunday at 4 o'clock, with interment in Calvary cemetery.

## STATE LIVESTOCK BOARD ENFORCES SANITARY LAWS

Great publicity is being given the efforts of the Pennsylvania State Livestock Sanitary Board to enforce the state law for the care of stock afflicted with contagious diseases. This week according to press information sent out by the board, W. S. Hitchcock, of Jamestown, Pa., and W. S. McConahey, of Westford, Pa., appeared before Alderman J. D. Roberts at Meadville and pleaded guilty to charges of bringing dairy cattle into Pennsylvania from Ohio, without a permit or a certificate of health. Both defendants were fined \$50 and costs. The charges were brought by an agent of the Pennsylvania State Livestock Sanitary Board who had traced the cattle from Ohio, and subsequently found some of them to be afflicted with tuberculosis.

## LIFE'S STRUGGLE WITH ILLNESS

Mrs. Stewart Tells How She Suffered from 16 to 45 years old—How Finally Cured.

Euphemia, Ohio.—"Because of total ignorance of how to care for myself when verging into womanhood, and from taking cold when going to school, I suffered from a dislocation, and each month I had severe pains and nausea which always meant a lay-off from work for two to four days from the time I was 16 years old.

"I went to Kansas to live with my sister and while there a doctor told me of the Pinkham remedies but I did not use them then as my faith in patent medicines was limited. After my sister died I came home to Ohio to live and that has been my home for the last 18 years.

"The Change of Life came when I was 47 years old and about this time I saw my physical condition plainly described in one of your advertisements. Then I began using Lydia E. Pinkham's Vegetable Compound and I cannot tell you or any one the relief it gave me in the first three months. It put me right where I need not lay off every month and during the last 15 years I have not paid out two dollars to a doctor, and have been blessed with excellent health for a woman of my age and I can thank Lydia E. Pinkham's Vegetable Compound for it.

"Since the Change of Life is over I have been a maternity nurse and being wholly self-supporting I cannot over estimate the value of good health. I have now earned a comfortable little home just by sewing and nursing since I was 52 years old. I have recommended the Compound to many with good results, as it is excellent to take before and after childbirth."—Miss EVELYN ADELLA STEWART, Euphemia, Ohio.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

### AMONG THE THEATRES

#### THE ALVIN—PITTSBURG.

The Aborn English Grand Opera company, which gave Pittsburgh a series of excellent grand opera productions for five weeks last Spring, will make their second annual visit to the Alvin Theatre in that city beginning Monday, May 5.

The first week at the Alvin will be devoted to "Il Trovatore," Giuseppe Verdi's most familiar and popular opera, with a double cast of principals dividing the eight performances of the week, including Aida Hemmi and Edith Helena, sopranos, Margaret Jarman and Lila Robeson, contraltos, Leonid Samoiloff and Giuseppe Agostini, tenors, Louis Daniel and Wilnot Goodwin, baritones, S. Paul Veron basso, Harriet Kuttner, mezzo-soprano, Max Fichandler conductor, and Frank Ranney stage director. A large chorus and selected orchestra of soloists will remain at the Alvin during the entire four weeks of the Aborn run.

There will be eight performances each week, including six nights and matinees on Wednesday and Saturday. The offering for the second week will be Gounod's "Faust," that for the third week Bizet's "Carmen," and for the fourth week Donizetti's "Lucia di Lammermoor." During the third week there will also be two special performances of Humperdick's charming fair opera, "Hansel and Gretel," which will be given a two extra matinees, Tuesday and Friday, May 20 and 23.

Seats are now on sale for all performances of the entire four weeks. Money orders accompanying these mail reservations should be made out to John B. Reynolds, the same with self addressed and stamped envelope, Alvin Theatre, Pittsburgh, Pa. The prices for all nights and Saturday matinee performances are \$1.00, 75c, 50c and 25c, and those for the Wednesday and "Hansel and Gretel" matinees are the same.

### Undetermined Joke.

"There's a crook gone to the island for ten days that I'll be looking for when he comes out," remarked a policeman on an east side post.

"Why?"  
"Well, listen. I caught him trying a door on my beat the other night and took him in. He started to be nasty about it, and I swung my stick at him. Before I could land him one on the head he shouts out to me:

"Don't hit me! Look out! There's a dynamite stick in my pocket!"

"I stopped quick enough. All right, for you see, I get all the blowing up I need at the station now and again. But listen. When that chap was searched at the station there wasn't a sign of dynamite on him."

"Who was the joke on? Never mind that. The question is, who will the joke be on? Just wait!"—New York Globe

### His Method With Tips.

The president of a certain line of coastwise steamers has a novel system of handling the tip evil. He sends on each of his boats every once and so often a detective, who has instructions to go into the dining room, order a large and elaborate repast and hand the waiter a tip of ten cents. If the waiter is silent or sulky after receiving this small gratuity his number is promptly reported. It is said that in no place in the world can such a number of smiling waiters be found as in the dining saloons of this particular steamship line.—New York Tribune

**The London Bobby.**  
In humor, in urbanity, as in perfect control of his district, the London policeman is the nearest possible approach to perfection. To the stranger he seems the politest of all the Londoners. The shop people in London are, in the average, both stupid and rude; the supposedly well bred people in Hyde park, if a hapless vagabond were to come to them for information, would be either insolent or unintelligible; the policeman, however, seems invariably polite, wonderfully well informed and furnished with English that is not nearly so atrociously cockney as that of those who fancy themselves his betters.—"Vagabond Journeys, the Human Comedy at Home and Abroad," by Pen Steel Pollard

## COMMITTEE APPOINTED TO DISTRIBUTE FUNDS

**Monongahela Central Organization to Look After Relief Work**

**OFFICERS ARE ELECTED**

**Joseph A. Herron President—Charlertoi Tenders Its Assistance**

It is probable that most of the money and provisions given for the relief of the sufferers from the Cincinnati mine disaster will be handled through a general committee that has been appointed in Monongahela. This will be the central committee that will be on the ground to see that funds are properly distributed and widows and children left destitute taken care of in the best possible way.

The president of this central committee is Joseph A. Herron, the secretary is Frank B. Wickerham and the treasurer, Miss Eliza L. Wilson. Members of the men's committee from Monongahela are John F. Cooper, Joseph Lytle, Frank R. Colvin, and the women's committee, Mrs. T. M. Byers, Mrs. Rosh Palmer, Mrs. F. Bebout, Mrs. Joseph Herron, Mrs. Frank Shaner, Mrs. W. F. Allen and Mrs. Fred Cooper.

The total amount of money received at Monongahela was this morning reported to be \$1,844.61. Charleroi's fund amounts to \$175.02.

Tomorrow a special offering will be taken at St. Mary's Episcopal church for the sufferers from the awful disaster. The probabilities are that the fund from Charleroi will be turned over to the selected committee some time next week. Today the Mail relief fund is as follows:

Previously reported ..... \$173.92  
Leon Volker, Monongahela... 1.00  
D. R. Jacobson New York .... 1.00  
Total ..... \$175.02

## VISITING JUDGES

**TO AID McILVAINE; JUDGE TAYLOR ILL**

Visiting judges will sit on the county bench during the coming term of criminal and common pleas court. Judge J. F. Taylor, who has not been well, upon advice of his physician, will not go on the bench the coming term, but will rest from work for a few months. So far arrangements have been made for four different judges to assist Judge J. A. McIlvaine. Judge James Ingham, of Greene county, will be present the first week of criminal court, which will be convened one week from Monday. The second week of criminal court Judge Richard S. Holt, of Beaver county, will sit.

The first week of common pleas court which immediately follows criminal court, Judge James M. Galbreath, of Butler county, will be on the bench and the second week of common pleas court. Judge William Ruppel of Somerset county, will sit. He may sit also the third week of common pleas court.

For the fourth week no one has yet been secured. Judge McIlvaine goes

## Object to Large Tows

**Steamboat Men and Lock Men Would Prefer Smaller Loads be Hauled**

The scheme adopted recently by coal operators who ship their coal by river of doubling the tows for each boat is not proving satisfactory. Officers and crews of the towboats are balking at the idea. Lockmasters and lockmen are declared to be unfavorable to the new system.

By the new method in cases where five or six barges or flats composed a good sized tow, 11 are now being used. This makes the work of towing more difficult for the boatmen and it is claimed the hardship in locking.

## GIRLS ARE SUPERIOR SPELLERS

**Eighth Grade Suffragettes Beat Boys in Old Fashioned Match**

**FIRST BEE OF SERIES**

The first spelling match of a series was held between the boys and girls of the Eighth grades of the Crest avenue and Fifth street schools Friday afternoon, with the result that the girls' side won in two out of three rounds. The spelling bee was conducted by Prof. T. L. Pollock, superintendent of schools, Miss Ida Hugg, the eighth grade teacher of the Fifth street school and Miss Mina Houseman, the eighth grade teacher of the Crest avenue school.

All the words used were taken from a list of about 600 prepared by Supt. Pollock. They were slightly easier than those studied in the eighth grade, but were words that the pupils had not had a chance to study.

**Large Force of Men Will be Employed at Lock**

**No. 4 From This Time Forth—Lock No. 6 Improvements Started**

Active construction of the coffer dam to be built around the outside lock at Lock No. 4 has been started. All the dredging has been completed and a number of the piles driven. From this time forth until the completion of the lock a large force of men will be employed.

The Slackwater has just arrived from a trip down the Ohio river, bringing boilers and machinery that will replace the old turbine water wheel, which with the construction work on the new lock will be out of

## VALUATION INCREASE OVER EIGHT MILLION

**Revised Assessment Figures for Districts of County Completed by Commissioners' Clerks**

**—Charleroi's Increase \$70,000**

The revised assessment figures for the districts of the entire county have just been completed by the clerical force in the commissioners' office. The total valuation of the county is \$122,700,028. The valuation for 1912 was \$114,341,874. The increase in valuation is \$8,349,081.

The northern townships of the county and those south and west of Washington, show a slight decrease in valuation. There is a falling off in

## RAILROAD BRIDGE OPENING SUNDAY

**New Structure at Brownsville to be Put Into Regular Use Sunday**

Sunday for the first time the new railroad bridge of the Pennsylvania Railroad at Brownsville will be opened to traffic and the old bridge which has been in use for many years made ready for dismantling.

During the last week 500 men have been working at the bridge getting it in shape for opening on Sunday. These men were taken out from Pittsburgh every morning and back at night.

The old railroad bridge will be torn down at once it is understood. By the opening up of the new railroad shipping facilities will be greatly bettered.

tendered his resignation effective June 1. He has been identified with this line of work for nearly 15 years and was largely instrumental in the consolidation of the three local companies late last year.

He will remain in Monessen as manager of the East Side Land company and in charge of other local interests with which he has been identified.

## MEN'S PARADE TO BE FEATURE

**Sunday School Convention at Washington to be Similar to That of Last Year**

Word was received this morning from Washington that the previous action of the county Sabbath school Association there to not have any men's parade, had been reconsidered, and the parade of men would be made and annual event this year the same as it was last. The parade will be held on the evening of June 12. It is believed a large delegation will go from Charleroi, the movement to work up sentiment to be started tomorrow.

## THOMAS BULL MOOSE CHIEF IN WESTMORELAND

Representatives and delegates of the Progressive party from all sections of the county met this week in Greensburg to map out a plan of procedure for the coming campaign and elect a county chairman.

W. C. Peoples, who has held this position the past year was a candidate for reelection and G. H. Thomas of Monessen was also nominated.

Peoples withdrew his name and the election of Mr. Thomas was unanimous.

## LOCK CLOSING DOES NOT HAMPER COAL BUSINESS

**Diplomas to Be Presented**

**Graduation Exercises to be Held for Teacher Training Graduates**

Graduation exercises will be held Sunday evening in the Washington Avenue Presbyterian church for Sunday school teacher training class graduates. The course of study outlined by the Pennsylvania State Sabbath School Association has been completed. The class is composed of Misses Elizabeth Wise, Elizabeth Elliott, Grace Gelder, Elma Collins, Marie Whitehead, Bess Richey, Hazel Williamson, and Jennie Elliott. The class colors are green and white.

Rev. John R. Burson, pastor of the church, who is the superintendent of teacher training in the district will preach the sermon. Rev. J. T. Hackert, who is the county superintendent of teacher training will present the diplomas.

**Shipments Through Lock No. 4 Up to Average in April**

**GRAVEL TRADE HEAVY**

**Records Show 125,000 Bushels Were Locked up Stream**

**—Good Rainfall**

Apparently the closing of one of the locks at Lock No. 4 for all but seven days of April had little effect on the coal trade through the lock. Lockmaster George Paxton this morning made his report of the business done during the month. There were 174,600 bushels of coal locked and the total number was well up to the average.

The sand and gravel trade was maintained at about the same mark that it had been during March. There were 30,000 bushels of sand and 123,000 bushels of gravel went up stream.

Down stream there were 911 lockages, with 366 steamers and 1,507 crafts passing down. Up stream there were 864 lockages, and 367 steamers and 1,498 crafts passed up. The rainfall was 3.08 inches.

The larger lock was closed for repairs from April 7 until April 19 and after that the small lock was closed and the average lockage of coal per tow is 125,000 bushels, where it was 770,000 bushels.

## FEDERALS WINDING UP WORK

**Playing the Charleroi Independents This Afternoon**

**REIS' YANGS BEATEN**

The regular morning practice of batting and fielding was gone through by Bill Phillips' Indianapolis Federals this morning, and this afternoon the Federals and the Charleroi Independents are playing their second game. Friday afternoon the regulars and Yanigans, the latter captained by Reis played seven innings, the regulars winning by the score of 9 to 5. Reis complained afterwards that the game was bought but neglected to substantiate his statement.

The occasion was a more or less festive one for young pitchers. Expecting Beebe not one of the experienced men was given a try in the box. The Yanigan nine was made up of seven pitchers, an outfielder and a catcher. Sutherland, Swaney and Potter, who did the heaving for the Regulars showed approved form. Potter hardly had a chance to show his style of belligerence in the one inning that he did slab duty.

Kneasel went into the box closely watched by Manager Phillips and 21 others. Long, lean, lanky, lefthanded, he looked dangerous but Friday was troubled with wildness. He is very young and makes a noise like a corner. Phillips secured him from Beltzhoover, that Pittsburgh suburb which produced Otis Knabe and Hans Lobert. In fact it was Lobert that recommended the long, lean and lanky individual.

## STATE LIVESTOCK BOARD ENFORCES SANITARY LAWS

Great publicity is being given the efforts of the Pennsylvania State Livestock Sanitary Board to enforce the state law for the care of stock afflicted with contagious diseases. This week according to press information sent out by the board, W. S. Hitchcock, of Jamestown, Pa., and W. S. McConahay, of Westford, Pa., appeared before Alderman J. D. Roberts at Meadville and pleaded guilty to charges of bringing dairy cattle into Pennsylvania from Ohio, without a permit or a certificate of health. Both defendants were fined \$50 and costs. The charges were brought by an agent of the Pennsylvania State Livestock Sanitary Board who had traced the cattle from Ohio, and subsequently found some of them to be afflicted with tuberculosis.

### "UNCLE SAM" AS A BUILDER.

The erection of about \$20,000,000  
worth of buildings every year makes  
the United States government the  
country's largest builder, says the  
New Castle News. The buildings be-  
longing to the United States—mints,  
courts, postoffices, revenue offices  
and others—have an estimated value  
of between \$350,000,000 and \$400,-  
000,000.

The government does not carry in-  
surance on its property. Instead, it  
makes every effort to put up build-  
ings that can't burn. The result of  
this policy is that the yearly loss  
from fire is far less than the insur-  
ance premiums would be.

To attain the highest possible de-  
gree of safety, the United States  
Geological Survey has carried on  
elaborate tests to determine which  
materials resist fire most success-  
fully. In the last few years the govern-  
ment has protected its buildings with  
burnt clay in the form of terra cotta  
blocks. The government expert who  
was sent to investigate the effects of  
the San Francisco fire reported that  
burnt clay, when used in sufficient  
quantities and proper form, resisted  
fire better than any other material.

The war college in Washington is  
one of the examples of perfect fire  
protection achieved by the govern-  
ment methods. The Chicago post-  
office is another. The home of the  
Bureau of American Republics, the  
Pension office, the Congressional li-  
brary and the Marine barracks are a  
few more buildings that, in their  
construction explain why it is not  
necessary for the government to pay  
for fire insurance.

### PLEAS FOR THE PLAYGROUND.

Harry Froebel, in "The Education of  
Man," says:

"Every town should have its own  
common playground for the boys.  
Glorious results would come from  
this for the entire community. For at  
this period games, whenever it is feasible  
are common, and thus develop the  
feeling and desire for community, and  
the laws and requirements of com-  
munity. The boy tries to see him-  
self in his companions, to feel him-  
self in them, to weigh and measure  
himself with their help. Thus the  
games directly influence and educate  
the boy for life, awaken and cul-  
ivate many civil and moral virtues."

From the eastern part of our coun-  
try comes an eloquent plea for the  
superintendent of playgrounds at  
Pittsburg, writes: "From the juvenile  
convicts from prisons, from hospitals,  
from students of social evils, from  
everywhere."

department of science devoted to the  
study of man, comes the warning that  
in our day, as in no other day, the  
world has yet seen, we need in our  
great cities to give heed to the nature  
and spirit of childhood and youth and  
to the right of the people to happi-  
ness. Society has not so much for-  
gotten as it has failed to realize in  
these strenuous days of materialism  
how much modern city and social  
conditions are making void for many  
a fundamental tenet of our national  
 creed. In the boys and girls of the  
streets, in the delinquent, the fallen,  
the outcast, the unsuccessful and the  
misfits there is the same hunger for  
happiness that is our own. But if  
that hunger must be satisfied in the  
one or two or three-roomed home of  
the tenement, in the street, nickelo-  
deon, cheap theatre, saloon or public  
dance hall, or not at all, who can  
wonder at individualism, crime, social  
disaster?"

## PICKED UP IN PASSING

Luther Burbank, the "wizard of  
horticulture," is subjected to constant  
annoyance at home and abroad by  
obtrusive and inquisitive strangers.  
He was walking on the streets in  
San Francisco recently when one of  
them seized him by the arm, cap-  
tured his reluctant hand and pumped  
it vigorously.

"How are you, Burbank? How are  
you?" he inquired effusively. "What  
miracle are you working on now?"  
"Well—it's a secret, replied the ex-  
pert; "but I don't mind telling you.  
I'm grafting milkweed on eggplant!"  
"Yes—yes? What do you expect  
to produce?"  
"Custard!"

A neighboring school teacher re-  
lates how one time the girls of the  
fifth grade were asked to write a  
250-word essay on a motor car. The  
bright hope of the grade duly weighed  
in with this.

"My uncle bought a motor car. He  
was riding in the country and it  
broke down in going up a hill. My  
uncle tried to make it go, but couldn't  
although he spoilt a new suit by try-  
ing. I reckon that is about forty  
words. The other 210 words are what  
uncle said as he was walking back to  
town; but they are not fit to write  
down."

### UP WORK

(Continued from First Page)  
As on the previous day Tiemyer  
dropped one over the right field  
fence into the Monongahela river.  
This husky, fair haired German that  
developed baseball talent when he  
was batboy for the Cincinnati Reds  
back in the days when Bill Phillips  
was twirling is hitting most con-  
secutively. There is a chance that he  
may be removed from first base when  
Swartling reports and he may be  
sent to the outfield, but one thing  
looks sure, and that is his job.

Alcock is producing results. Next  
to Tiemyer his drives have proved  
the longest. Scott may average bet-  
ter at the end of the season as a bat-  
ter, but his hits will be shorter bliz-  
zards.

A chap that will bear watching is  
Beswick, an outfielder. It is possible  
that he may be sent to some other  
team for seasoning. He has a  
future. Dusty Miller has been work-  
ing hard.

Manager Phillips is much pleased  
with the way Vandagriff has been  
handling himself at second base. Van-  
dagriff quietly assumes all the hard  
work asked and performs without  
breakdown in the field.

## SADDLE MAKING IN MEXICO.

Entire Families Often Take Part in

The making of saddles, while in the  
aggregate an important local Mexican  
industry, is purely a home affair, the  
artisans for the most part working in-  
dependently in their own homes and  
often pressing the entire family into  
service. The manager of the largest  
wholesale and retail dealers in saddles  
in Mexico City says that all the saddles  
which they handle are made locally at  
home by hand, and he estimates that  
more than 100 families in the city are  
regularly employed.

Many of these handmade saddles are  
handsomely carved and most creditable  
in appearance, although the leather as  
a rule is far inferior to that used in  
American saddles. It is the practice of  
retailers to furnish the trees, leather  
and fittings of all kinds to the work-  
men and pay them for their actual la-  
bor. The labor is the cheapest item  
entering into saddle construction, many  
entire families being satisfied with a  
wage of 50 cents to \$1 American cur-  
rency per day.

The saddlemakers used for the better  
grade of saddle are imported from the  
state of Colima, the cheaper grade of  
saddles using a tree of local make. No  
American saddles or saddletrees are  
carried in stock by local merchants,  
but are ordered from time to time ac-  
cording to the specifications of the in-  
dividual purchaser.—Trade and Con-  
sumers Reports.

## PINEAPPLE PLANTS.

They Do Not Die After Fruiting, but  
Reproduce Themselves.

Pineapples do not grow on trees. Im-  
agine a plant four feet in extreme  
height from the ground to the tip of  
leaves, a single stalk at the surface,  
but dividing at once into swordlike  
blades or leaves, fifteen in number  
from the center of which appears a  
stiff, upright stem, at the top of which  
is the fruit. This stem is short, and  
the crown of the fruit when fully  
grown is a foot or more below the  
points of the leaves.

At the end of a year and a half from  
planting each plant produces a single  
fruit, even as a rubber plant produces  
a single leaf. But the pineapple does  
not die after fruiting once. Down the  
stem below the fruit and around the  
base, narrow leaves a sucker ap-  
pears. If allowed to remain this will  
soon become the head of the plant, and  
within another year it will yield an  
other fruit. This process may go on  
for a term of years. In the meantime  
the other suckers will make their  
appearance.

These are broken off, and when struck  
into the ground they put out roots and  
become plants. Thus a single  
pineapple plant may produce a dozen  
others while it is yielding  
fruit year to year.

## Eating in the Fifth Act of Life.

The advice which Sydney Smith gave  
to Lord Alton on the subject of diet  
was probably sound. "If you wish for  
anything like happiness in the fifth act  
of life," he wrote, "eat and drink one-  
half of what you could eat and drink.  
Did I ever tell you my calculations  
about eating and drinking? Having  
ascertained the weight of what I  
could live upon so as to preserve  
health and strength, and what I did  
live upon, I found that between ten  
and seventy years of age I had eaten  
and drunk forty-four horse wagon  
loads of meat and drink more than  
would have preserved me in life and  
health. The value of this mass of  
achievement I considered to be worth  
nothing. It occurred to me that I must  
by my own fault have started to death  
fully equipped. This is a frightful  
mistake, and not irretrievably true."

## How a Woman Saved Nine.

It happened in August, 1542, and is  
recorded by Mrs. Walter Tibbitts in  
"Clips Seen in East and West." Nine  
thousand under the dukes of Savoy was  
being besieged by Francis I. and his  
barbarians.

Catherine Segurine was a washer-  
woman whose creed was laborer es-  
timate. She carried food to the defend-  
ers on the ramparts still left. The  
Turks had put up a scaling ladder.  
The captain led his party, and they  
were actually on the parapet. She  
rushed at the Turkish officer, wrenched  
the flag he was carrying from him,  
beat him back with the butt end and  
threw down the ladder on top of all  
then, rallying the soldiers, they threw  
open a postern, made a sortie and  
drove the Turks to the shore.

## Catching a Wolf Alive.

One of the favorite sports of a Pol-  
country gentleman is to capture a wolf  
alive. A wolf being driven into the  
open, the well mounted horseman pur-  
sues it, armed only with a long whip  
and some rope. The wolf after a time  
tries to take rest, but the rider forces  
it on with his whip till, after repeated  
attempts at rest, it sinks exhausted.  
The rider then springs from his horse,  
jumps inside the wolf and, holding it  
by the ears, secures it with the rope.  
Most men require the assistance of a  
mounted companion, who ties the wolf  
while the other holds its ears with  
both hands, and in this way the cap-  
ture is comparatively easy, but to do  
it single handed is a difficult feat.  
Nasty bites and even dangerous  
wounds result should the hunter have  
miscalculated the strength of the an-  
imal. No one, however, is considered a  
perfect sportsman till he has done this  
yet many never succeed.

### New York's First Street Cleaner.

The Dutch housewives of old New  
York, ever noted for their housekeep-  
ing qualities, created the agitation  
which resulted in the appointment of  
the first public street cleaner in New  
York in 1692. He was Laurens Van  
der Spiegel, a baker. His daughter  
married Rip Van Dam, who afterward  
became governor of New York, an il-  
lustration of the democracy of that  
day.

## AID THE KIDNEYS

Do Not Endanger Life When a Charleroi Citizen Shows You the Way to Avoid It.

Why will people continue to suffer the agonies of kidney complaint, backache, urinary disorders, lameness, headache, languor, why allow themselves to become chronic invalids, when a tested remedy is offered? Doan's Kidney Pills have been used in kidney trouble over 50 years, have been tested in thousands of cases.

If you have any, even one, of the symptoms of kidney diseases, act now. Dropsy or Bright's disease may set in and make neglect dangerous. Read this Charleroi testimony.

Mrs. Thomas Christopher, 117 Lookout Ave., Charleroi, Pa., says: "Some years ago one of my family complained of a dull ache in the small of the back and other symptoms of kidney trouble. Doan's Kidney Pills, procured at Piper Bros' Drug Store, were finally used and they brought prompt relief."

## LIFE'S STRUGGLE WITH ILLNESS

Mrs. Stewart Tells How She Suffered from 16 to 45 years old—How Finally Cured.

Euphemia, Ohio.—"Because of total ignorance of how to care for myself when verging into womanhood, and from taking cold when going to school, I suffered from a displacement, and each month I had severe pains and nausea which always meant a lay-off from work for two to four days from the time I was 16 years old.

"I went to Kansas to live with my sister and while there a doctor told me of the Pinkham remedies but I did not use them then as my faith in patent medicines was limited. After my sister died I came home to Ohio to live and that has been my home for the last 18 years.

"The Change of Life came when I was 47 years old and about this time I saw my physical condition plainly described in one of your advertisements. Then I began using Lydia E. Pinkham's Vegetable Compound and I cannot tell you or any one the relief it gave me in the first three months. It put me right where I need not lay off every month and during the last 13 years I have not paid out two dollars to a doctor, and have been blessed with excellent health for a woman of my age and I can thank Lydia E. Pinkham's Vegetable Compound for it.

"Since the Change of Life is over I have been a maternity nurse and being wholly self-supporting I cannot over estimate the value of good health. I have now earned a comfortable little home just by sewing and nursing since I was 52 years old. I have recommended the Compound to many with good results, as it is excellent to take before and after childbirth."—Miss EVELYN ADELA STEWART, Euphemia, Ohio.

### AMONG THE THEATRES

#### THE ALVIN—PITTSBURG.

The Aborn English Grand Opera company, which gave Pittsburgh a series of excellent grand opera productions for five weeks last Spring, will make their second annual visit to the Alvin Theatre in that city beginning Monday, May 5.

The first week at the Alvin will be devoted to "Il Trovatore," Giuseppe Verdi's most familiar and popular opera, with a double cast of principals dividing the eight performances of the week, including Aida Hemmi and Edith Helena, sopranos, Margaret Jarman and Lila Robeson, contraltos, Leonid Samoloff and Giuseppe Agostini, tenors, Louis Daniel and Wilnot Goodwin, baritones, S. Paul Veron basso, Harriet Kuttner, mezzo-soprano, Max Fichandler conductor, and Frank Ranney stage director. A large chorus and selected orchestra of soloists will remain at the Alvin during the entire four weeks of the Aborn run.

There will be eight performances each week, including six nights and matinees on Wednesday and Saturdays. The offering for the second week will be Gounod's "Faust," that for the third week Bizet's "Carmen," and for the fourth week Donizetti's "Lucia di Lammermoor." During the third week there will also be two special performances of Humperdick's charming fair opera, "Hansel and Gretel," which will be given a two extra matinees, Tuesday and Friday, May 20 and 23.

Seats are now on sale for all performances of the entire four weeks. Money orders accompanying these mail reservations should be made out to John B. Reynolds, the same with self addressed and stamped envelope, Alvin Theatre, Pittsburgh, Pa. The prices for all nights and Saturday matinee performances are \$1.00, 75c, 50c and 25c, and those for the Wednesday and "Hansel and Gretel" matinees are the same.

#### Good Intentions.

"I do my best," said Mr. Clumze, "to scatter sunshine and encourage a spirit of good intentions." "What has happened?" "I met a friend who looked a little gloomy, so I said to him: 'Cheer up! Nothing is as bad as it might be. Every cloud has a silver lining, and you only make trouble worse by thinking about it.'" "Didn't he respond?" "No. He simply said: 'Don't bother me. I've got the toothache.'"—Washington Star.

#### Undetermined Joke.

"There's a crook gone to the island for ten days that I'll be looking for when he comes out," remarked a policeman on an east side post.

"Why?" "Well, listen. I caught him trying a door on my beat the other night and took him in. He started to be nasty about it, and I swung my stick at him. Before I could land him one on the head he shouts out to me:

"Don't hit me! Look out! There's a dynamite stick in me pocket!" "I stopped quick enough, all right, for you see, I get all the blowing up I need at the station now and again. But listen. When that chap was searched at the station there wasn't a sign of dynamite on him.

"Who was the joke on? Never mind that. The question is, who will the joke be on? Just wait!"—New York Globe

#### His Method With Tips.

The president of a certain line of coastwise steamers has a novel system of handling the tips. He sends on each of his boats every once and so often a detective, who has instructions to go into the dining room, order a large and elaborate repast and hand the waiter a tip of ten cents. If the waiter is silent or surly after receiving this small gratuity his number is promptly reported. It is said that in no place in the world can such a number of smiling waiters be found in the dining saloons of this particular steamship line.—New York Tribune

The London Bobby. In humor, as in perfect control of his district, the London policeman is the nearest possible approach to perfection. To the stranger he seems the poliest of all the Londoners. The shop people in London are, in the opinion, both stupid and make the supposedly well bred people in Hyde park, if a hapless vagabond were to come to them for information, would be either insolent or unintelligible; the policeman, however, seems invariably polite, wonderfully well informed and furnished with English that is not nearly so atrociously cockney as that of those who fancy themselves his betters.—"Vagabond Journeys, the Human Comedy at Home and Abroad," by P. G. Wodehouse
